

# Adult ADHD Assessment

## In-Person & Telehealth Options

**WE OFFER AFFORDABLE ADHD EVALUATIONS AND PERSONALIZED SERVICES FOR ANYONE EXPLORING IF ADHD IS PART OF THEIR STORY.**

### Assessment includes:

- Self-report measures and collateral information
- Neurodiversity-affirming clinical interview by specialists in ADHD across diverse populations
- CREYOS objective testing to evaluate 14 cognitive markers of ADHD

### POST EVALUATION CARE

#### After the evaluation, clients will:

- engage in an interactive feedback session and review a detailed report integrating test results and the clinical interview,
- receive access to our digital ADHD 101 course with over 3 hours of content,
- get personalized recommendations and resources to support their journey to embracing and celebrating their unique brain.

**Affordable testing, flexible payment plans, and insurance coverage options available.**
